Provide the 7-digit PWS ID number for this community.	Water systems must track addresses of all service lines in their internal inventory. For the publicly accessible version, location identifiers are required for lead and galvanized requiring replacement. If the system does not use addresses for their location identifier, other options could include GPS coordinates, landmark, intersection, block, or other details to specify service line locations.					Dropdown list includes recommended subclassifications. If "Non-Lead Other", describe in Notes field	Select option from drop down list.
