- Alternative water source supplied Type _____ Permit# _____ Date _____

The undersigned customer ("Customer") of Lakes Region Water Company, Inc. ("LRWC") agrees to the terms and condition below:

A. Terminating Water Service. (Initial below)

_____ The Customer acknowledges that failure to continue the water service to the Service location could result in damage to the property, including but not limited to, freezing and breaking of water pipes. With full knowledge and appreciation of the potential damage that may occur at the Service Location, the Customer waives and releases LRWC from any damage to persons or property resulting from the termination of Water Service to the Service Location.

_____ The Customer agrees to hold LRWC harmless from and against any and all claims, liabilities, cost and expenses of the Customer or third parties related in any way to the termination of Water Service to the Service Location.

_____ The Customer agrees and understands that once Water Service is terminated at the Service Location, they shall no longer be considered a "Customer" of LRWC.

B. Restoration of Water Service after Termination (Initial below)

_____ The Customer agrees and understands prior to Water Service being restored at the Service Location an inspection of the customer service pipe shall be completed by LRWC to insure it meets LRWC current technical specifications.

_____ The Customer agrees and understands that in the event the “Customer Service Pipe” does not pass inspection, it is the responsibly of the Customer to bring the “Customer Service Pipe” in compliance to LRWC current technical specifications at the Customers expense before Water Service will be restored to the Service Location.

_____ The Customer agrees and understands that in order to reestablish Water Service at the Service Location a new “Application of Service” must be filed with LRWC. A new customer fee will be charged as outlined in LRWC Tariff.

FAILURE TO FILL OUT THIS FORM AND INITIAL ALL TERMS AND CONDITIONS WILL RESULT IN **CONTINUATION OF WATER SERVICE**.
